LARGEPAGE 1 Benchmark Corpus Section

Paragraph 0-0: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-1: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-2: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-3: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-4: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-5: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-6: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-7: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-8: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-9: repeated filler sentence about scalable parsing performance over very long document
Paragraph 0-10: repeated filler sentence about scalable parsing performance over very long documen
Paragraph 0-11: repeated filler sentence about scalable parsing performance over very long documen

LARGEPAGE 2 Benchmark Corpus Section

Paragraph 1-0: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-1: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-2: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-3: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-4: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-5: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-6: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-7: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-8: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-9: repeated filler sentence about scalable parsing performance over very long document
Paragraph 1-10: repeated filler sentence about scalable parsing performance over very long documen
Paragraph 1-11: repeated filler sentence about scalable parsing performance over very long documen

LARGEPAGE 3 Benchmark Corpus Section

Paragraph 2-0: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-1: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-2: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-3: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-4: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-5: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-6: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-7: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-8: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-9: repeated filler sentence about scalable parsing performance over very long document
Paragraph 2-10: repeated filler sentence about scalable parsing performance over very long documen
Paragraph 2-11: repeated filler sentence about scalable parsing performance over very long documen

LARGEPAGE 4 Benchmark Corpus Section

Paragraph 3-0: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-1: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-2: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-3: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-4: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-5: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-6: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-7: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-8: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-9: repeated filler sentence about scalable parsing performance over very long document
Paragraph 3-10: repeated filler sentence about scalable parsing performance over very long documen
Paragraph 3-11: repeated filler sentence about scalable parsing performance over very long documen

LARGEPAGE 5 Benchmark Corpus Section

Paragraph 4-0: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-1: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-2: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-3: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-4: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-5: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-6: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-7: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-8: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-9: repeated filler sentence about scalable parsing performance over very long document
Paragraph 4-10: repeated filler sentence about scalable parsing performance over very long documen
Paragraph 4-11: repeated filler sentence about scalable parsing performance over very long documen

LARGEPAGE 6 Benchmark Corpus Section

Paragraph 5-0: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-1: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-2: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-3: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-4: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-5: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-6: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-7: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-8: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-9: repeated filler sentence about scalable parsing performance over very long document
Paragraph 5-10: repeated filler sentence about scalable parsing performance over very long documen
Paragraph 5-11: repeated filler sentence about scalable parsing performance over very long documen

LARGEPAGE 7 Benchmark Corpus Section

Paragraph 6-0: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-1: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-2: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-3: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-4: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-5: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-6: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-7: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-8: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-9: repeated filler sentence about scalable parsing performance over very long document
Paragraph 6-10: repeated filler sentence about scalable parsing performance over very long documen
Paragraph 6-11: repeated filler sentence about scalable parsing performance over very long documen

LARGEPAGE 8 Benchmark Corpus Section

Paragraph 7-0: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-1: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-2: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-3: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-4: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-5: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-6: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-7: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-8: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-9: repeated filler sentence about scalable parsing performance over very long document
Paragraph 7-10: repeated filler sentence about scalable parsing performance over very long documen
Paragraph 7-11: repeated filler sentence about scalable parsing performance over very long documen

LARGEPAGE 9 Benchmark Corpus Section

Paragraph 8-0: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-1: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-2: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-3: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-4: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-5: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-6: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-7: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-8: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-9: repeated filler sentence about scalable parsing performance over very long document
Paragraph 8-10: repeated filler sentence about scalable parsing performance over very long documen
Paragraph 8-11: repeated filler sentence about scalable parsing performance over very long documen
